

Obviously you will now be aware of the closure of Lloyds bank which is of great frustration and sadness to many of us but as I am sure you are aware the council is still looking into the possibility of a banking hub for Fakenham which would alleviate the concerns being raised by many,.

Several people have approached me around the conservative club facade which now has been granted planning to be rendered with an approved colour from the conservation and design officer so this should smarten up one of the many gateways of the town.

You will have seen the buildings are nearing completion near to the junction of Norwich road next to the con club, the highway (path) will be completed in due course once all infrastructure works have been completed so that will aid peoples access along what is a narrow pinch point.

Hope you are all keeping well.
